

TAKING WATER CARE IN A FRESH DIRECTION

NO MESS. NO STRESS. FRESH MINERAL WATER® POOL.

CRYSTAL CLEAR POOL WATER THAT IS EASIER TO MAINTAIN

That's what Fresh Mineral Water[∞] is all about! Pool owners shouldn't have to be weekend chemists. So we created a fresh approach to clean water using proprietary Fresh Mineral Water[∞] Technology. You'll find it only in FROG[®] products.

It's the alternative way to sanitize — and offers these **4 ADVANTAGES:**

CLEANER because it kills bacteria 2 ways — with minerals and a low level of chlorine.

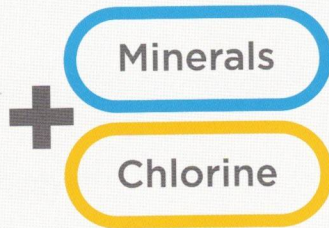

Minerals help keep the pH balanced for **CLEARER** water that shines.

Minerals condition the water for a **SOFTER** feel.

Cartridges are prefilled for no mess, no guess, and no stress — making maintenance **EASIER**.

2

Test the water with FROG® Test Strips and balance according to the Water Balance Guidelines.

Free Chlorine 0.5 - 1.0 ppm
 Total Alkalinity 80 - 120 ppm
 pH 7.2 - 7.8
